

HOUSEHAM HARRIER

H4

BUILT TO PERFORM. DESIGNED BY YOU.

Househam's latest generation of self-propelled sprayer with a high standard specification with efficiency, reliability and comfort at the heart of its design. The Harrier has been developed based on direct customer feedback from Househam operators.

HIGH CAPACITY SPRAY SYSTEM

- ◆ 4000 litre GRP tank (Stainless steel tank also available, up to 5000/6000L)
- ◆ 24m twin fold boom (also available up to 36m) with variable geometry boom levelling
- ◆ Single piece chassis with A-frame axles front and rear with fully enclosed side mounted spray system with minimum pipework

LOW SOIL COMPACTION

- ◆ Only 8,500KG unladen
- ◆ Low weight chassis design for optimised weight distribution

SUPERB CLEARANCE

- ◆ High clearance up to 1.10m

THE POWER TO PERFORM

- ◆ Economic MTU 4R1000 228hp engine to adhere to emission legislation
- ◆ Single piece chassis with A-frame axles front and rear

CLASS LEADING CONTROL ON ROAD OR FIELD

- ◆ Air ride load sensing suspension system
- ◆ Self-levelling suspension for a smooth ride
- ◆ Even weight distribution and a low centre of gravity ensures stability whatever the terrain

ADVANCED SPRAYER TECHNOLOGY

- ◆ High precision featuring Individual Nozzle Control (INC and Auto Nozzle Select (ANS))
- ◆ 4 spray sections minimum up to Individual nozzle control
- ◆ Ultra Sonic Boom Height Control and Spray Pilot - hydraulically controlled hands-free steering system
- ◆ Househam's Total Machine Control (TMC) Controller with FieldMaster GPS mapping and guidance

OPERATOR COMFORT

- ◆ Excalibur Cabin, Category 4 filtration certified/ROPS-approved
- ◆ Spacious, quiet and full climate controlled cab
- ◆ Panoramic visibility
- ◆ High back Grammer air suspension seat + fold away buddy seat
- ◆ Heated electric mirrors + cool box
- ◆ DAB radio and CD/Bluetooth

EASY AND SAFE CLEANING

- ◆ Quick, effective automatic cleaning that meet all EU legislative requirements
