

HOUSEHAM SPIRIT

S3

EASY DOES IT.

The Spirit was introduced in 2013 specifically to fill the very significant gap in the market for a high technology, low weight self-propelled machine.

A pleasure to drive, quick and easy to fill and simple to operate too, the Spirit offers ease-of-use, but with future proof technology.

HIGH CAPACITY SPRAY SYSTEM

- ◆ 3000 litre capacity GRP tank
- ◆ 24m twin fold boom (also available 28m)

LOW SOIL COMPACTION

- ◆ From 6250kg unladen
- ◆ Low weight chassis design with a rear mounted engine
- ◆ Full air bag suspension system for lower ground pressure
- ◆ 320/85 R32 rowcrop tyres or 540/65 R28 low ground pressure tyres

SUPERB CLEARANCE

- ◆ High clearance up to 1.5m

THE POWER TO PERFORM

- ◆ Economic and powerful Mercedes MTU 4R1000 170hp engine
- ◆ Rear mounted engine for optimal 50/50 weight distribution
- ◆ Max speed up to 40kp/h

CLASS LEADING CONTROL ON ROAD OR FIELD

- ◆ 6.7m turning circle
- ◆ Rear mounted engine for even weight distribution and a low centre of gravity ensures stability whatever the terrain

ADVANCED SPRAYER TECHNOLOGY

- ◆ Automatic shut-off to avoid spray overlap
- ◆ Maximised spraying effectiveness with minimal waste
- ◆ 19mm stainless steel spray lines
- ◆ Seletron individual nozzle control system through Bravo 400S or Delta 80 display

OPERATOR COMFORT

- ◆ Ergonomically designed cab
- ◆ Spacious and fully air-conditioned
- ◆ Ultra-quiet operating environment with panoramic visibility
- ◆ Operator clothing locker
- ◆ LED rear lights
- ◆ Independent levelling valve suspension

EASY AND SAFE CLEANING

- ◆ Rapid fill and wash-out for easy maintenance
